## TESTING FOR GENETIC DISORDERS

In March 2018, the Society amended its Rules to introduce mandatory testing of horses for specific genetic disorders. Mandatory testing is in a phase-in stage and has commenced. It is proposed to note any positive test results in respect of a horse in the Society's Online Stud Book in order that members may be fully informed and make their own assessment in relation to any prospective dealings in respect of any such horse. As at the publication of this sale catalogue there may be instances where a horse has been tested but results are not yet available, or are not yet posted in the Online Stud Book. Accordingly, the Society makes no warranty that any horses included in this sale catalogue are free from any genetic disorder and a Purchaser must rely upon their own inspections, enquiries and assessments in this regard.

## TESTING FOR GENETIC DISORDERS

In March 2018, the Society amended its Rules to introduce mandatory testing of horses for specific genetic disorders. Mandatory testing is in a phase-in stage and has commenced. It is proposed to note any positive test results in respect of a horse in the Society's Online Stud Book in order that members may be fully informed and make their own assessment in relation to any prospective dealings in respect of any such horse. As at the publication of this sale catalogue there may be instances where a horse has been tested but results are not yet available, or are not yet posted in the Online Stud Book. Accordingly, the Society makes no warranty that any horses included in this sale catalogue are free from any genetic disorder and a Purchaser must rely upon their own inspections, enquiries and assessments in this regard.

MCMAMARA TRENDY - HSH

NABINABAH COOL GUN - IS HSH

DANDILLA BABY ROSE - TB

Remarks:

Good looking young mare by successful sire, GLENMORE PARTNERSHIP STRYDER. From a successful BEAUVIEW LANCE mare, who won led, working and campdrafts. Started on cattle and bison. Should make a good campdraft and challenge mare. A strong pedigree which carries generations of good producing mares. Facebook - Yarrawa Park Stock Horses or phone: 0429 336 835

## TESTING FOR GENETIC DISORDERS

In March 2018, the Society amended its Rules to introduce mandatory testing of horses for specific genetic disorders. Mandatory testing is in a phase-in stage and has commenced. It is proposed to note any positive test results in respect of a horse in the Society's Online Stud Book in order that members may be fully informed and make their own assessment in relation to any prospective dealings in respect of any such horse. As at the publication of this sale catalogue there may be instances where a horse has been tested but results are not yet available, or are not yet posted in the Online Stud Book. Accordingly, the Society makes no warranty that any horses included in this sale catalogue are free from any genetic disorder and a Purchaser must rely upon their own inspections, enquiries and assessments in this regard.

**TESTING FOR GENETIC DISORDERS**

In March 2018, the Society amended its Rules to introduce mandatory testing of horses for specific genetic disorders. Mandatory testing is in a phase-in stage and has commenced. It is proposed to note any positive test results in respect of a horse in the Society's Online Stud Book in order that members may be fully informed and make their own assessment in relation to any prospective dealings in respect of any such horse. As at the publication of this sale catalogue there may be instances where a horse has been tested but results are not yet available, or are not yet posted in the Online Stud Book. Accordingly, the Society makes no warranty that any horses included in this sale catalogue are free from any genetic disorder and a Purchaser must rely upon their own inspections, enquiries and assessments in this regard.

In March 2018, the Society amended its Rules to introduce mandatory testing of horses for specific genetic disorders. Mandatory testing is in a phase-in stage and has commenced. It is proposed to note any positive test results in respect of a horse in the Society's Online Stud Book in order that members may be fully informed and make their own assessment in relation to any prospective dealings in respect of any such horse. As at the publication of this sale catalogue there may be instances where a horse has been tested but results are not yet available, or are not yet posted in the Online Stud Book. Accordingly, the Society makes no warranty that any horses included in this sale catalogue are free from any genetic disorder and a Purchaser must rely upon their own inspections, enquiries and assessments in this regard.
