CATTLE WORKING SECTION (as per ASHS rules)

In general, the course is similar to a camp draft course and will consist of two circles: one being on the right and the other on the left and a gate. The course can be ridden in whatever direction the judge chooses. First, second and third peg should be used. The time limit in the arena is 40 seconds.

It will be scored out of 100 and judged as follows: Cut out – 25 points, First circle/peg – 25 points, Second circle/peg – 25 points, Third circle/gate – 25 points. Each competitor in the cattle section gets a fresh beast, one in and one out subject cattle availability.

In the camp, when the judge has determined that the competitor has lost control of the beast twice, the competitor's "cut out" section will be terminated, and they will be scored '0' in this "cut out" section. The competitor will then be assisted out of the camp by the mounted steward and allowed to continue on course.

Once the competitor has guided the beast through the gate the run will be terminated immediately. If the competitor is unable to make the gate, they must continue to demonstrate they are in control of the beast and attempt to complete a third circle. If a peg or gate is missed, the competitor must continue and not make a second attempt. The competitor is allowed 1 attempt at each peg/circle.

The horse should be obedient to all commands and should be ridden on a light rein throughout the pattern to show a free flowing / work-like movement through all paces.
